Ontario Health is seeking expressions of interest from Ontario physicians with significant expertise in imaging for the position of **Provincial Head, Medical Imaging**. Ontario Health works to connect and coordinate Ontario’s health care system to help ensure that Ontarians receive the best possible care, including monitoring how the health system is performing and providing evidence-based standards and improvements to address any gaps.

Medical imaging plays a pivotal role in health outcomes for Ontario patients, providing key information used to plan next steps for care – from early detection of disease, or confirming/excluding a diagnosis, to planning treatments such as surgery. Increasingly, medical imaging also has a role in therapies through interventional procedures or image-guided treatments.

This role is a unique opportunity to provide strategic leadership to the evolution of Ontario’s healthcare system as it relates to medical imaging. This opportunity is open to all qualified candidates.

Interested parties should forward their expression of interest and curriculum vitae, electronically, to Erin Redwood, Director, Integrated Diagnostics and Genetics ([Erin.Redwood@ontariohealth.ca](mailto:Erin.Redwood@ontariohealth.ca)) no later than **5:00 P.M. on December 22, 2023**.

Questions about the role may be submitted to [Erin.Redwood@ontariohealth.ca](mailto:Erin.Redwood@ontariohealth.ca) no later than **December 11, 2023**. A consolidated list of all questions and answers will be available to any party, by request, by **December 15, 2023**. To receive a copy of the consolidated list of questions and answers, please contact [Erin.Redwood@ontariohealth.ca](mailto:Erin.Redwood@ontariohealth.ca).

**ACCOUNTABILITIES**

The key responsibilities of this position are to:

- Provide visionary leadership for Ontario Health’s quality agenda as it relates to medical imaging, driving coordination and alignment of image-related strategies across Ontario Health and inform the development of a provincial strategy for medical imaging
- Advise on the provincial governance structure for medical imaging to advance and improve quality
• Develop and/or strengthen a provincial medical imaging community to advance quality, acting as a key liaison to facilitate engagement and collaboration between medical imaging leaders and relevant enabling domains (i.e., digital technologies) within and outside of Ontario Health program areas
• Identify, prioritize and respond to system level medical imaging issues
• Prioritize strategies and/or initiatives to address clinical, system and data gaps in medical imaging to improve equitable, coordinated, standardized care for all patients, including marginalized and Indigenous populations, special and complex patient groups, and paediatric patients.
• Establish and maintain effective links with relevant clinical communities and organizations on behalf of Ontario Health
• Lead the development and support execution of strategies to engage imaging professionals in ongoing system-level quality improvement

QUALIFICATIONS
• Radiologist currently practicing in Ontario; a Fellow of the Royal College of Physicians of Canada, in good standing with the College of Physicians and Surgeons of Ontario
• Significant clinical, research and teaching experience in imaging
• Proven track record (10+ years) of clinical leadership at the hospital and/or university level
• Recognized as an opinion leader within the imaging community
• In-depth knowledge of clinical, administrative and system-wide issues with respect to imaging services
• Expert knowledge of current best practices, healthcare literature, and evidence-based guidelines, as it pertains to medical imaging
• Demonstrated aptitude for systems thinking, an ability to analyze information and to make sound decisions
• Excellent interpersonal skills and ability to build consensus
• Strong professional presence and ability to present to large and small audiences in a concise, articulate and dynamic fashion
• Demonstrated commitment to patient-focused care and public accountability
• Enthusiasm for, and commitment to, quality improvement in health care at the system level
• Demonstrated creativity through publication of research and/or implementation of innovative systems and ideas

HOW TO APPLY:
Interested parties should forward their expression of interest and curriculum vitae, electronically, to Erin Redwood, Director, Integrated Diagnostics and Genetics, care of Erin.Redwood@ontariohealth.ca no later than 5:00 P.M. on December 22, 2023.

We will evaluate all applications against the skills and experience requirements for the position. Those candidates selected for interview will be contacted directly by a representative from the Business Unit. Ontario Health may consider applications from incumbents currently in the position. If you have not been contacted within 3 weeks after the close of the posting, you can assume you are not under consideration for this position.

More about Ontario Health:

Ontario Health is an agency created by the Government of Ontario with a mandate to connect and coordinate Ontario’s health care system in ways that have not been done before, to help ensure that Ontarians receive the best possible care.

Ontario Health oversees health care delivery across the province, which includes ensuring front-line providers and other health professionals have the tools and information they need to deliver the best possible care within their communities. This also means simplifying the current system and connecting and coordinating its many complex
parts in new and innovative ways. This involves keeping a close eye on how the health system is performing and providing evidence-based standards and improvements to address any gaps.

Ontario Health helps to support significant and important transformation in Ontario’s health system, working to ease the transition between points of care for Ontarians and helping to ensure they have access to the care they need. Ontario Health is adapting world-renowned practices from areas such as cancer care and renal care to other parts of the system, including mental health and addictions.

Through integration, coordination, connection, and clinical excellence, Ontario Health is working to reduce strain on the system which will enable investment of more resources on the care Ontarians need, and, most importantly, improve health outcomes and overall wellness for all.

As an operational service agency of the Government of Ontario, Ontario Health is accountable for conducting a fair and transparent process, providing equal treatment to all qualified parties, in selecting a candidate for the above mentioned role.
