## POSITION SUMMARY

Ontario Health is seeking expressions of interest from practicing physicians in Ontario with experience in the digital health space for the position of **Clinical Lead, Patients Before Paperwork**.

Please note that there are one to four Clinical Lead roles available for 1-2 days/week each.

The Clinical Leads will provide expert advice and leadership to support several workstreams of Patients Before Paperwork, a clinically guided provincial-level change program that is empowered to direct the delivery of several connected digital solutions that will support burden reduction for frontline providers. The Clinical Leads will report to the Vice President, Primary Care and Person-Centered Measurement, Population Health and Values Based Health Systems, with a functional reporting relationship with the Digital Clinical Lead, Primary Care.

Interested parties should forward their expression of interest and curriculum vitae, electronically, to [PrimaryCareProgram@ontariohealth.ca](mailto:PrimaryCareProgram@ontariohealth.ca) no later than **11:59 P.M. on December 20, 2023**.

Questions about the role may be submitted to [PrimaryCareProgram@ontariohealth.ca](mailto:PrimaryCareProgram@ontariohealth.ca) no later than **December 7, 2023**. A consolidated list of all questions and answers will be available to any party, by request, by **December 13, 2023**. To receive a copy of the consolidated list of questions and answers, please contact [PrimaryCareProgram@ontariohealth.ca](mailto:PrimaryCareProgram@ontariohealth.ca).

## ACCOUNTABILITIES

- Provide clinical leadership for various Patients Before Paperwork workstreams covering initiatives such as AI scribe, Health Report Manager, Primary Care Information Exchange, eForms, eReferral, and eConsult.
- Support the evaluation, from a clinical value perspective, of various digital solutions with the goal of implementing a more efficient referral system and reducing the burden on providers to support transitions in care.

- Participate in Patients before Paperwork Steering Committee and clinical advisory committees as needed to help ensure that the digital solutions enable good clinical workflow.
- Facilitate the success of relevant workstreams by working as dyad with digital leaders, and developing/building relationships with partners and stakeholders, both internal and external to Ontario Health
- Establish and maintain effective links with primary care and other relevant clinical communities, with a digital focus, on behalf of Ontario Health.

## QUALIFICATIONS

- MD
- Licensed and actively practicing in Ontario
- In-depth knowledge of clinical, administrative, and system-wide issues with respect to digital health
- Experience in a leadership role focused on quality and system improvement

## HOW TO APPLY:

Interested parties should forward their expression of interest and curriculum vitae, electronically, to [PrimaryCareProgram@ontariohealth.ca](mailto:PrimaryCareProgram@ontariohealth.ca) no later than **11:59 P.M. on December 20, 2023**.

We will evaluate all applications against the skills and experience requirements for the position. Those candidates selected for interview will be contacted directly by a representative from the Business Unit. Ontario Health may consider applications from incumbents currently in the position. If you have not been contacted within 3 weeks after the close of the posting, you can assume you are not under consideration for this position.

## More about Ontario Health:

Ontario Health is an agency created by the Government of Ontario with a mandate to connect and coordinate Ontario's health care system in ways that have not been done before, to help ensure that Ontarians receive the best possible care.

Ontario Health oversees health care delivery across the province, which includes ensuring front-line providers and other health professionals have the tools and information they need to deliver the best possible care within their communities. This also means simplifying the current system and connecting and coordinating its many complex parts in new and innovative ways. This involves keeping a close eye on how the health system is performing and providing evidence-based standards and improvements to address any gaps.

Ontario Health helps to support significant and important transformation in Ontario's health system, working to ease the transition between points of care for Ontarians and helping to ensure they have access to the care they need. Ontario Health is adapting world-renowned practices from areas such as cancer care and renal care to other parts of the system, including mental health and addictions.

Through integration, coordination, connection, and clinical excellence, Ontario Health is working to reduce strain on the system which will enable investment of more resources on the care Ontarians need, and, most importantly, improve health outcomes and overall wellness for all.

As an operational service agency of the Government of Ontario, Ontario Health is accountable for conducting a fair and transparent process, providing equal treatment to all qualified parties, in selecting a candidate for the above-mentioned role.
